

Product description Bamboo

Bamboo carpet tiles are a Linear sculpture plain design, which brings together some of the latest trends in colour, and features two beautiful metallic high light colours. Bamboo has a sophisticated texture that can either broadloom or be laid quarter turn, or brick. The product is manufactured of the latest patented Antron yarns; these achieve outstanding soil hiding, and durability making the product suitable for most heavy contract locations.

Begonia is a standard stock product and readily available for delivery being supplied to a net work of dealers through out the United Kingdom, or via our website @ www.flooringindustries.co.uk
