

Narcissi Carpet Tiles Product description

Narcissi carpet tiles are a robust contact fibre bonded product in a range of 12 practical colourways. Narcissi is manufactured out of a dense Needlefelt construction in hardwearing polypropylene, which produces a durable product that offers a more practical choice for those looking for a very cost effective and serviceable product with good durability. Narcissi are ideal for developers and fit out companies looking to manage costs. Narcissi can be laid broadloom or quarter turned thus creating an attractive visual finish once installed.

Narcissi is a standard stock product and part of our fast track delivery service. Delivery is available through a net work of dealers through out the United Kingdom, or via our website @ www.flooringindustries.co.uk
