

## **Product description Tulip**

Tulip Entrance carpet tile is a robust commercial entrance carpet tile. Tulip is manufactured in an attractive soil hiding design with 6 practical colours. Tulip Entrance can be installed broadloom or quarter turn. The product is tufted from blends of coarse polyamide selected for their durability and absorbent qualities. Tulip also incorporates a robust PIP brush which has a scraping action thus increasing the up take of damaging grit and grime entering from the streets and being deposited onto the carpeted areas of the building.

Tulip is a standard stock product and readily available for delivery being supplied to a net work of dealers through out the United Kingdom, via our website @ [www.flooringindustries.co.uk](http://www.flooringindustries.co.uk)
